Can Help You With
Your Housing Issues

- ✓ Are you facing eviction?
- ✓ Have you received a notice from your landlord?
- ✓ Is your home in a state of disrepair that is affecting your health?

Call the law centre today on **020 8767 2777** to see if we can help.

We work with people on a wide-range of different housing issues including:

Homelessness - we can provide advice and assistance on homeless decisions, eligibility and the allocation of accommodation in discharge of local authorities' homeless duties

Disrepair - we may be able to assist you where repair works need to be carried out and in circumstances where the disrepair poses a serious risk of harm to the health or safety of tenants and/or their family

Unlawful eviction - we can take proceedings against landlords who have evicted someone from their home without a court order

Repossession - we can help you prevent an eviction from rented accommodation because of rent arrears or anti-social behaviour

If you, or someone you know, has a housing issue please tell them about our service – the earlier you come to us the more we can do.
